

Peter Holt

A resident of Surrey for the last ten years, Holt is currently a Director of Buckley Blair & Associates Inc. Prior to that he was the Executive Director of the Surrey Board of Trade where he was active in many of the regional committees and advisory groups. He has frequently written articles for the local newspapers and appeared on both the CBC and local radio.

Holt is a Chartered Engineer and former British Royal Navy engineering officer who emigrated from the UK to Saint John, New Brunswick in the fall of 1987. He worked in senior management positions on major programs across Canada, including the Canadian Frigate Program, Radarsat 1, the Canadian helicopter program and the Canadian Automated Air Traffic System. He also spent over three years on Executive Interchange with the Department of Foreign Affairs based mainly in Ottawa but also in Vienna, Austria as the chair of two international technical expert groups.
