- Authorization of any material at a facility does not obligate the facility to receive or accept any material or load. Facility owners and operators have complete discretion over the customers and loads they receive at the facility.

- Where there is any conflict between the information on this list and the actual Licence the Licence shall prevail.

- Metro Vancouver Licence Prefix Indicators: B - Brokering Facilities; C - Composting Facilities; T - Transfer Stations/Material Recovery Facilities; L - Disposal Facilities; S - Storage Facilities.

\*For C007 yard waste is defined as vegetative matter resulting from gardening, horticulture, landscaping or land clearing operations, including materials such as tree and shrub trimmings, plant remains, grass clippings, trees and stumps, but does not include demolition waste, contaminated organic matter or significant amounts of animal feces.
