\* Diversion rates may be impacted by the types of material accepted at each facility, as not all facilities accept the same waste streams.

| Facility Name | Authorized Materials | Unauthorized Materials | Open to the public |    | Diversion Rate (%)* |
|---------------|----------------------|------------------------|--------------------|----|---------------------|
|               |                      |                        | Yes                | No |                     |

- Authorization of any material at a facility does not obligate the facility to receive or accept any material or load. Facility owners and operators have complete discretion over the customers and loads they receive at the facility.
- Where there is any conflict between the information on this list and the actual Licence, the Licence shall prevail.
