Re: Issuance of Air Quality Management Approval GVU 1179

Dear Mr. Clark:

Pursuant to Sections 11 through 13 of the *Greater Vancouver Regional District Air Quality Management Bylaw No. 1082, 2008* (the Bylaw) and the British Columbia *Environmental Management Act*, I authorize Bosa Development (Pier West Holdings) Ltd. to discharge air contaminants from an I-62v2 or I-80v2 Diesel Hammer at or near 660 Quayside Drive, New Westminster, BC, subject to the following conditions:

- The specified fuel use of exclusively B100 Biodiesel (Methyl Soyate);
- The start date of the approval of April 7, 2020 and the end date of June 4, 2021;
- The maximum operational use of a diesel hammer at 10 hours per day and 5 days per week; and
- Only one diesel hammer may be used at a time.

If you have any questions, please contact Alex Csizmadia by phone at 604-432-6313 or by email at Alex.Csizmadia@metrovancover.org.

Yours truly,

Ray Robb, District Director
