# Wood Heat WORKSHOP

## BURN IT SMART!

**Thursday, January 21, 2016 7:00 – 9:00pm**

**Bowen Island Community School, 1041 Mt. Gardner Road, Bowen Island**

**Learn tips and techniques on improving the efficiency of your wood heating system and reducing wood smoke, for old and new wood heat appliances.**

This workshop will provide you with information on:

- Planning, Installing & Maintaining a Wood Heating System
- Smart Burning Techniques to Maximize Efficiency & Minimize Emissions
- Options for Wood Heating
- Firewood Preparation

Bring a piece of wood from your woodpile and we will test its moisture content.
