

Regional Planning **Bulletin**

NEW - Welcome to the Regional Planning Bulletin

This Bulletin provides brief updates from the Regional Planning Division of the Metro Vancouver Regional District. You'll learn about current work on a range of planning and policy portfolios:

- › Metro 2040, the regional growth strategy
- › Data and Analytics
- › Agriculture
- › Job Lands
- › Shaping Growth
- › Environment
- › Complete Communities

We'll also include information on upcoming professional events and other resources to support your work.

Why are you receiving this?

This inaugural Regional Planning Bulletin is being sent to those who have been in touch with a Regional Planning staff member in the recent past - we thought you would appreciate receiving regular updates on planning-related topics from across the region. If you do not want to be on this list you can [unsubscribe here](#).

Who is Regional Planning?

We are a team of planners, data analysts, and other professionals committed to stewarding the region's collective vision for sustainable growth.

Metro Vancouver's Regional Planning Division is responsible for developing and implementing *Metro Vancouver 2040: Shaping our Future*, the regional growth strategy in partnership with the Regional District's member jurisdictions. Our mission is to support a livable region by containing and shaping regional growth, protecting important lands, and ensuring the efficient and sustainable provision of services and infrastructure. We produce applied policy research, data, and resources and serve as a regional convener on issues of shared interest.

Our commitment to you

We respect your inbox. We will keep these bulletins short and distribute them periodically based on project milestones.

Metro 2040 Performance Monitoring Dashboard - 2016 Census Data Now Available

The Metro 2040 Performance Monitoring Dashboard is a dynamic one-stop-shop for all kinds of regional data. Here you can download a wide range of data sets as well as track and compare the region's progress towards the five goals set out in *Metro 2040*. The data has recently been updated to incorporate the latest information from the 2016 Census. Explore the dashboard here:
