

ANNACIS WATER SUPPLY TUNNEL

APRIL 2019

Feedback Highlights

Thank you for taking the time to join us at our open house on January 24, 2019. Below is a high-level summary of what we heard. Where possible we will incorporate your input into our project plans and we will report back on how we are using that input at the end of the design phase in early 2020. Stay tuned for more opportunities to get involved!

Project Details

Interest in noise, vibration, construction methodology and tunnel alignment

Questions about project budget

North Shaft Site Greenspace

Support for integrating historical and educational features

Questions around site security and lighting

Request to incorporate amenities and an active space into the site

Open House attendees said they:

- ✓ appreciated the opportunity to learn more and provide input
- ✓ would like to stay informed through our website, e-newsletters, and site signage
